Assessment opportunities:	
<p>Learning focus:</p> <p>In this mini-unit students work independently on differentiated learning activities to explore Indonesia. Students select activities based on their interest and assess their own learning at the end.</p>	<p>Context:</p> <p>Students have the opportunity to learn about the culture and customs of Indonesia which includes basic facts, language, geography and religion etc.</p>

Lesson sequence:	
Lesson	Activities/resources
1. Students will learn basic facts about Indonesia.	<p>Kahoot: Fun facts about Indonesia Indonesia country poster</p> <p>Students can download the folder, use the select tool to highlight interesting facts from the poster and then save on their device for later reference.</p> <p>Activity 1: Learning basic facts about Indonesia.</p>
2. Students will select an activity and undertake an inquiry process to complete the task.	Activity 2: Imagine you are a...
3. Students will complete their selected activity.	Activity 2: Continued
4. An opportunity for students to share work with classmates. Students will also reflect on their learning, acknowledge successes and identify areas for improvement.	<p>Students to share their completed work from Activity 1 and 2 with classmates digitally. Classmates can complete each other's Kahoots, explore Google's My Maps, street food vendor menus etc; and provide constructive feedback on each other's work.</p> <p>Activity 3: How did I go?</p> <p>Use Kahoot Challenge mode if desired for summative assesment (see below).</p>

Kahoot Challenge for personalised learning:

Rather than hosting a live game, teachers can now set a Kahoot as a challenge. Go to 'play' and select 'challenge'. You can then assign a date and a time for the challenge. This allows students to complete the challenge individually, and teachers also have the option to allow multiple attempts of each quiz. See Kahoot [Distance learning Guide](#).

Extending learning:

To focus more on level 3 of the curriculum, students can compare and contrast daily life in Indonesia with daily life in New Zealand by exploring language, geography and food

etc. Students can also investigate Indonesia as a diverse nation, it is home to 700 cultures, more than 700 languages and has the second-largest biodiversity in the world. Students could also explore connections between Māori and Indonesian cultures.
